Exploration Manager

Jervois

Executive Summary

During the reporting period face-to-face (“F2F”) contact took place between Jervois Global Limited and land holders, in March and July, 2022, as itemised below.

Compliance with Community Consultation Strategy / Plan (sec 2.1.3(a))

Regarding exploration drilling; no drilling was possible during COVID-19 lockdowns. Phone conversation and email correspondence kept landholders up to date with Nico Young Project details.

Ongoing water bore monitoring continues.

February 2022.

Phone conversations and emails with stakeholders to set up face to face meetings.

March 2022

Face to face meetings with primary stakeholders:

- M. S. – to discuss exploration access permission for January 2023
- B & E. A - to discuss exploration access permission for January 2023
- P. A. - to discuss exploration access permission for January 2023
- R & K. S – phone conversation offering F2F meeting. Declined with thanks.

May 22

On 26 May 2022 calibration of the weather station was undertaken.

July 2022

Face to face meetings with primary stakeholders M.S., P.A and B & E. A. to discuss land degradation due to excessive rainfall, and possible delays or modifications to drilling plans for January 2023.

Full Report

Compliance with Community Consultation Strategy / Plan (sec 2.1.3(a))

Regarding on-going exploration; Nico Young project progress reports were sent by email to all relevant landholders. F2F meetings held with 3 stakeholders in March 2022 and July 2022.

Executive Summary of Objectives (sec 2.1.3(b))

Due to lockdowns associated with the Covid 19 pandemic no F2F meetings took place until March 2022. This was due to border closure and restriction of travel. Jervois senior management and exploration personal live in Victoria and Western Australia which were both subject to lockdown.

Description of Community Consultation undertaken during reporting period.
